PROFESSIONAL EXPERIENCE

Systems Analyst (Mid-level)

Nov/2025 – Present

Servimed Comercial LTDA — Bauru, SP

- Development and maintenance of B2B enterprise systems for pharmaceutical and hospital distribution.
- Built the **SH Integration API** (NestJS + Oracle): middleware between the distributor system and external platforms (HUMA), with automated sync of quotes, orders, and webhooks.
- Contributed to the **New Business Portal**: REST API with JWT, TypeSense search, pre-cart, checkout, and orders (Express, PostgreSQL, Redis).
- **Hospital System** integration: quotes, orders, PDC, and integrations with Bionexo, Apoio, and GTPlan (.NET Core + Vue.js + Oracle).
- Evolved the **Returns Portal**: occurrence workflows, approvals, packing slips, and Comprovei integration (PHP 8 + Oracle + AWS S3).
- **AI Doc Agent**: AI agent that processes Git webhooks and generates technical documentation automatically (Node.js + OpenAI).
- Legacy modernization, automated testing, and architecture improvements.
